

Seeking Host Families

Dear Parents,

In November, a group of ten 3rd graders from our French partner school "école primaire La Courbe" (in Aytré) are coming to visit and we are looking for host families. Along with French, the children speak German and English to various levels. From Monday-Friday, they would come to school with your child and spend the morning in different class, working on the theme "Butterflies".

During the afternoon, the children will be sightseeing with their accompanying teachers and will go home with your child at 3.50pm.

We are seeking 1 last host familie who would be willing to host two children (they would like to stay in twos) from November 24th - December 1st.

If you could host two children, please fill out the form below and pass it on to your child's class teacher.

Thanking you in advance!
