06/08/2020

Dear parents,

Due to the corona pandemic, there have been some changes to our everyday school life. We ask that you abide by the following rules on the school premises as of today:

- Masks must be worn by everyone on the entire school premises. (Pupils, staff, parents, people not from the school).
- Pupils will wear masks in the school buildings and during breaks in the school yard. In the classroom and during lessons, masks will be worn after consultation with the class team.
- Parents should spend as little time as possible on the school premises when bringing and picking up their children. We ask that you do not form discussion groups in the school playground. Please leave the premises quickly at the end of school.
- Parents should only enter school buildings in exceptional cases.
- In the case of extracurricular supervision and childcare, masks are compulsory in all areas outside the classrooms.
- Masks are also compulsory in the canteen area.
- The class teams of the younger classes may announce a meeting point in the school grounds where the children can be brought and picked up. The pick-up times will be announced by the class teams. Please keep strictly to the given times.
- In the event that you need to talk to the class team, we ask you to write a short message in your child's home notebook.
- Every pupil needs two masks, labelled with their name and class, for each school day. One mask for the face and one mask as a reserve in the school bag.

Yours faithfully,

School administrators of the Charles Dickens Primary School
